After being selected as the president of MRV Cares in its inaugural year in 2020, I became the president in 2021 and am got reselected in 2022 too. Cares as a club focuses on social service and uplifting the society and creating an impact on the global stage. We have ensured we are working on the grass root level as well as the international stage. We have visited orphanages, NGOs, specially abled centers and have conducted various events over there like Children's Day and Donation drives to ensure we are benefitting the society. We played with the children over there and the smiles on their face were a testament to our efforts and it validated all the efforts we had put in thus far. Apart from the grass root level we also focused on creating impact on the bigger platform. We had a one on one meeting with Minister of Environment and Tourism of Maharashtra to discuss the work done by MRV Cares and the ICSS even we were planning. Sir was extremely happy with the work we had done and was excited looking at the things we had lined up. He said Cares had the potential to create a impact on the global stage and this made me very proud because I knew that I was on the right path now. We also created a video for an event the then President of India Mr. Ram Nath Kovind was going to attend for the inauguration of the nation's biggest center for people with speech and hearing disabilities.

As a leader I believe I have lived up to the high expectations set on this club and been successful in setting new standards myself. The praise received from the trustees, principal and teachers of my school motivates me to work harder every time. All the members of the club feel the joy when they take part in the events of the club. The latest events "A Tree For A Life" and the "Ethic Series" has received overwhelming response and when members come up to and tell me they enjoyed the events it makes all the office bearers happy.

I have been privileged to lead this club and will continue the work of community service in the future years too.
